## Come, Let Us Reason Together

If a hatter can buy in the open market and does not lock up his capital in agency hats, he can save money in buying. If he has the trade, to warrant large buying for spot cash and he de-

mands cash is selling, he can say "no" to that. But that's reasonable! And the moral is give Silverwood your hat trade. Today's the last day. We'll be open till 11 o'clock tonight.

O SALOON FOR DE CHAMP

Will Not Open One in San Francisco.

Show on the Road This Winter.

Horses Won on Own Alleys.

Horses Due Today—Golf and Football.

Champion Pugilist Jim Jeffries is still in this city enjoying a visit with his friends, and from all appearances he is not in a hurry to get into the strenuous life of prize fighting.

Within the past week the San Francisco papers have published stories to the effect that Jeffries intended in the future to quit the fighting business and open up a big saloon in the city of San Francisco, the story being published on the authority of a letter alleged to have been written by him to a friend in the East.

It was not around town yesterday afternoon to speak for himself, an intimate friend who is very close to "de champ" said positively that he had no intention of going into saloon business in San Francisco.

He never had such an idea. The rumor himself appeared in the evening and confirmed the statement.

He stated authoritatively that Jeffries plans for the immediate future to go to New York, where he will do some work for all his little party.

It is given out that if Jeffries leaves a saloon any place it will be in New York, which is the stamping ground for all big and little party.

RACING.

HORSE HORSES DUE TODAY.

The work of cleaning up Agriculture is going on with unabated vigor. A large force of men is now busy in making the big park presentable.

**Family of Kentuckians Up to Their Old Tricks—One Man Dead and Several Other Participants in Battle Seriously Wounded.**

**[BY THE ASSOCIATED PRESS, P. M.] GUTHRIE (Okla.) Oct. 3.—At Crescent City, an inland town, sixteen miles northwest of Guthrie, a fierce battle was fought late this evening between the officers of the town and four Brown brothers, Mat, Don, Bill and John, prominent farmers and ranchers of that vicinity. As a result Mat Burgess, another farmer, was reported dead, and Brown seriously wounded, and several others injured. The Browns are mountaineers from Kentucky, who have resided in this country since the opening. Trouble has been brewing there for some time, originating two weeks ago in a fight with railroad graders, of whom the Browns, and Gulf Company has 600 in that vicinity. The Browns are reported to have taken sides with the railroaders, thus engendering a feud between them and the officers.**

## NEW POWER-HOUSE MEANS NEW LINES.

"WE SHALL begin to haul rails  
onto Jefferson street tomor-  
row," said T. J. Hook, presi-  
dent of the Los Angeles Traction Com-  
pany, yesterday.

This will be good news to the peo-  
ple of the section affected—which in-  
cludes all those residents on Jefferson  
street west of Vermont avenue to the  
city limits.

"Do you propose to reach Santa Mon-  
ica by Jefferson street?" Mr. Hook  
was asked.

"We cannot say," was the reply. Mr.  
Hook then became very mysterious.

"Truth to tell," he continued, "we  
have a franchise to the city limits  
in three different routes—Jefferson street,  
West Adams and First street (Westlake  
line). Which one will be extended to  
Santa Monica we do not state."

"If Mr. Hook had been asked 'why  
we do not state,' his answer, obvi-  
ously, would have been that right-of-  
way considerations withheld the state-  
ment."

Then the conversation changed.

NEW MACHINERY ARRIVES.

"Beginning today we are unloading  
seven carloads of electrical machinery  
for our new power-house," said Mr.

the present power-house will be re-  
moved to a new plant.

When this is done—and it is not  
many months off—there will be in the  
new power-house four batteries of bol-  
ters and four dynamos. Each battery  
comprises two bolters and has a nom-  
inal capacity of 250-horse power.

The largest of the four dynamos is  
now being installed, and appears in this  
picture set up on its heavy concrete  
foundation. It will weigh, engine and  
dynamo together, 40,000 pounds. Its  
capacity, nominally, is 100-horse power,  
but it can be made to develop 200-  
horse power. Its cylinder is 36 in.  
diameter, with a twenty-two-inch  
shaft. It will arrive here from the  
East on two cars, being now en route.

"We are eminently satisfied with our  
new site," said Mr. Hook yesterday.

"It is well situated. We have a  
350-foot frontage on Girard, and, if  
necessary, we can extend the new pow-  
er-house 300 feet to Pico. We hope to  
grow and the future is very bright."

OLD POWER-HOUSE TO GO.

Eventually the present power-house  
on Georgia street will be abandoned as  
such and used merely for a car barn.

To this structure is even now being  
built an addition, 100x100, large enough  
to house fifteen cars. As soon as the  
new power-house is in running order  
and can furnish power to operate the  
roads now running, the machinery in

## KNIVES OUT FOR CARTER.

Unpopular Candidate  
Faces Many Foes.

Jesse Yarnell in Race  
for Assembly.

Democrats Badly Split Up  
Over the Mayoralty  
Nomination.

Troubles are multiplying for Henry  
Carter, candidate of the old Republi-  
can "push" for election to the Assem-  
bly from the Seventy-fifth District.

Jesse Yarnell, a well-known pioneer  
and a prominent oil operator, has  
declared his intention to run for the  
office of mayor.

Mr. Yarnell is a prohibitionist and has  
the endorsement of that party, but he  
will make his campaign on independent  
lines, and it is said he will receive the  
support of Republicans and Democrats  
who are dissatisfied in equal measure  
with their party nominations.

Resting in the apparent surety  
of election by the overwhelming Republi-  
can majority in the district, Carter has  
paid little attention to the campaign  
since his nomination. He was named  
in preference to Dr. W. A. Lamb, it is  
said, through the aid of Democratic  
votes, but the Democrats have a can-  
didate of their own for the office and  
Carter cannot expect further aid from  
that source.

Neither can he look for the  
support of Republicans who were  
viciously opposed to his nomination.

Carter failed to make a good record  
while serving in the last Legislature.  
His popularity is on a par with that of  
"Corney" Pendleton, and there is a  
strong desire on the part of many of  
his constituents to keep him at home  
this year.

It had been expected that an inde-  
pendent Republican would enter the  
contest, but none has been brought out  
and the fight probably will lie between  
Carter and the Nick Quirello, the  
Democratic nominee.

Effort has been made to induce Quel-  
lo to resign, which came to him at the hands of the De-  
mocratic convention, but Quelro is ob-  
stinate and declares he will remain in  
the race. He had withdrawn it is said  
the Democrats would have endorsed the  
candidate of Mr. Yarnell.

As the case stands at present, the  
contest probably will be fought on  
grounds of personal fitness, and the  
friends of Mr. Yarnell say he will win  
a surprising vote from all parties.

DEMOCRATS DIFFER.  
DIVISION ON MAYORALTY.

Democrats who are opposed to the  
renomination of Mayor Snyder do not  
conceal their delight at the announce-  
ment that LeGrand Parker is a can-  
didate for the Democratic Mayoralty  
nomination. They have treated the  
candidate as a joke, but they say that  
Walker as a joke, but they say that  
Parker will make a hard fight for the  
nomination, and that he will break  
up the long-reigning domination of the  
party by Mayor Snyder. Parker is backed  
by members of the same element that  
has been endeavoring to induce Gen.  
John R. Matthews to head the De-  
mocratic city ticket. They still believe  
Gen. Matthews will reconsider his de-  
cision not to appear before the con-  
vention, but in the event of his con-  
tinued refusal they say they will sup-  
port Parker.

Mayor Snyder professes to be indif-  
ferent to the evident disposition of  
members of his own party to oppose  
his renomination. In this connection  
it is notable that the Mayor's chief  
support seems to come from members  
of the newly-organized Iroquois Club,  
the "short-hair" of the party, while  
Parker's cause is essayed by men who  
have been active in organizing the  
Democratic League, the so-called  
"long-hair" branch of the local De-  
mocracy. Despite statements to the  
contrary by members of both factions,  
there is not any appearance of har-  
mony between them except in support  
of the State ticket. In municipal poli-  
tics they are traveling different roads,  
and the coming city campaign prom-  
ises a lively war.

POWOW TONIGHT.  
IROQUOIS BRAVES TO MEET.

Iroquois braves will gather at a  
grand powwow on Saturday evening at  
Elks' Hall, when the prominent mem-  
bers of the Iroquois Club of San Francisco will  
be present to initiate local candidates  
into the newly-formed Democratic or-  
ganization. The visitors, Max Popper,  
Grand Organizer; Charles Holcomb,  
Grand Sachem, and Louis Metzger,  
Grand Treasurer, will arrive at 1  
o'clock this afternoon, and will be met  
by the arrangement committee of fif-  
teen members, of which M. W. Con-  
ling is chairman.

Three hundred members of the local  
club are expected to take the initia-  
tion, and the programme for the eve-  
ning includes addresses by the visitors,  
music and refreshments. It is likely  
that the local club will adopt a uni-  
form at tonight's meeting, and that  
within a week it will be prepared to  
take an active part in the State cam-  
paign.

Officers of the club are: President,  
John T. Jones; first vice-president,  
A. P. Thompson; second vice-president,  
J. F. Kennedy; corresponding secretary,  
J. Harvey McCarthy; financial secre-  
tary, H. M. Love; treasurer, Boyle  
Workman.

COMPTON MEETING.  
REPUBLICAN RANCHERS.

The Town Hall at Compton was filled  
last evening with an audience com-  
posed mainly of the busy ranchers of  
the prosperous suburb, who had turned  
out to see the Republican candidates for  
county offices, and to hear an address  
by Congressman McLachlan. Although  
an immense harvest of beets is in pro-  
gress, and the farmers have little time  
for recreation, they displayed intense  
interest in the meeting, and applauded  
the speaker's references to the success  
of the farming of the Republic.  
Republican policies in State and nation.  
Republican nominees were commended for  
their fitness, and the enthusiasm with  
which they were greeted betokened  
hearty support from the Comptonites.  
D. M. Crum was chairman of the  
meeting, and the following candidates  
were present: D. C. McGavin for Pub-  
lic Administrator, Calvin Hartwell for  
Recorder, C. C. Kores for Clerk, Lee  
Youngworth for Surveyor, Mark Koppel  
for School Superintendent, J. D. Fred-  
ericks for District Attorney, W. M.  
Kelso for the Assembly from the Sev-  
enthieth District, and W. H. Savage for  
the Senate from the Thirty-fourth Dis-  
trict. The same candidates will hold a  
meeting this evening at Gardena.

Twelve meetings in different parts of  
Los Angeles county are scheduled for  
next week by the Republican Cam-  
paign Committee. The first and most  
important of these is to be held on  
Monday evening at Elks' Hall, under  
the joint auspices of the Republican  
County Central Committee and the  
Young Men's Republican League. A  
number of well-known orators will  
make addresses, and candidates for  
county offices, including the Superior  
court, are expected to attend. Tues-  
day evening a meeting will be held at  
Whittier, and the regular schedule pre-  
pared for candidates is as follows: Di-  
vision No. 1—San Pedro, Tuesday, Oc-  
tober 10; Santa Monica, Wednesday,  
October 11; Santa Monica, Thursday,  
October 12; Santa Monica, Friday,

Political Briefs.  
Members of the Fifth Ward Re-  
publican Club will meet Wednesday  
evening next at the corner of Third  
and Main streets for the purpose of  
selecting officers and to prepare for the  
coming municipal campaign.

Democrats of Los Angeles county  
have departed from the custom of  
nominating a physician for the office  
of Coroner, and have placed on their  
county ticket the name of Francis  
Weitzel, a real estate dealer. H. C.  
Miller has been named by the County  
Central Committee to fill the vacancy  
in the nomination for Surveyor. The  
Democratic ticket now is complete with  
the exception of a minor township  
ship offices.

Socialists were engaged yesterday in  
soliciting signatures to a petition that  
will make it possible for their party  
nominees to occupy a place on the of-  
ficial ballot.

Thomas J. Geary of Santa Rosa, for-  
mer Democratic Congressman from the  
First District, will address a Demo-  
cratic meeting at Elks' Hall in Los  
Angeles on the evening of Saturday  
next. He will speak at Pomona next Friday  
evening, and may appear at other  
Southern California, before his  
return to the north.

W. W. Shannon, Republican can-  
didate for the office of State Prisoner,  
is at the Hotel Beck with his wife. He  
is making a tour of the State for the  
purpose of winning the acquaintance  
of Democratic League headquarters in  
the rooms of West Second street, re-  
cently vacated by the Young Women's  
Christian Association, are undergoing  
renovation and refitting and soon will  
be ready for occupancy. The rooms are  
well arranged for the purposes of the  
league, which is to continue the cam-  
paign as a popular club. There are  
three large apartments in the suite,  
in addition to a kitchen, parlor and  
several small rooms. It is hoped  
to have the quarters ready for opening  
within two weeks.

ALL VISITING BURGLES  
NOW IN JAIL.

VINSON AND TWO PALS WANTED  
FOR POSTOFFICE ROBBERIES.

Incriminating Paraphernalia and Evi-  
dence Found to Connect the Society  
Housebreakers With Downey, Los-  
Angeles and Belmont Robberies.

M. E. Vinson, Charles Morrissey and  
Joseph Seidenwand are in jail charged  
with burglary, and are awaiting war-  
rants from the postoffice authorities.  
As stated in The Times yesterday  
morning, Vinson was arrested at his  
lodgings on Wall street with incrim-  
inating tools and paraphernalia. The  
various kinds in his possession, a lot of  
stamps seeming to connect him with  
the postoffice robberies at Downey,  
Belmont and in this vicinity. Addition-  
ally, the police are confident that Vin-  
son, assisted by Morrissey and Seiden-  
wand, was the author of the Downey  
safe-cracking exploit, from which the  
burglars hoped to secure \$500, but got  
only \$20.

Charles Morrissey, as he gave his  
name, is a married man, and was room-  
ing at the house at No. 641 Maple  
avenue when arrested. For two days Me-  
dunwald and Morrissey were under sur-  
veillance after the Downey case, the  
police having hopes they would em-  
bark in a new venture at which they  
could be caught red-handed, but the  
craze evidently knew they were  
watched and laid low. Accordingly it  
was decided to take no further chance,  
and the arrest was made. Mrs. Mor-  
rissey, while quite cognizant of her hus-  
band's evil courses, had no hand in any  
of the burglaries, and will be held only  
as a witness, though she is now in the  
City Prison.

It is not believed that either "Mor-  
rissey" or "Seidenwand" gave correct  
names, and a disclosure of their iden-  
tity will probably connect them with  
other crimes and establish the prior  
convictions to make the present cases  
against the men exceedingly serious.  
Vinson has used the same name else-  
where, and will be readily traced.

Fourly the landman, Frankman, who  
handled the Clotfelter and Dosier rob-  
beries in this city, last week, and the  
Pasadena burglary Sunday night, was  
believed to be identified with the Wall-  
street gang, as examination of the  
clutter did not show any division of  
it, but in the capture of both gangs  
the bona fides of the first mission  
The gang were both well or-  
ganized; the members lived in respect-  
able neighborhoods, achieved a modicum  
of companionship and their comings and  
goings were hard to trace, from the  
fact that they were given a social col-  
oring entirely.

With the capture of Seidenwand, the  
chance that he believed all the men  
factors in the burglary line now oper-  
ating here are corralled, and prepara-  
tions are being made to entrap the  
crooks who will be attracted by the  
coming race meet.

WOMEN'S CLUBS.

Friday Morning Club.

The Friday Morning Club held its  
first meeting for the season yesterday.  
The president, Mrs. Shelley Tolhurst,  
opened the session with a short address on the work  
and aims of the club. She refuted the  
idea that the club was not interested  
in progressive movements, and cited  
the past to show that where there was  
real need the club had shown itself  
ready to take active measures. She  
claimed that everything concerning the  
poverty and the city had the active  
interest of the club, but thought the  
City Council, Board of Health, etc.,  
probably felt able to manage their  
various departments without outside in-  
terference.

She complimented the club on its  
board, referring to the able work al-  
ready done in the different depart-  
ments. She announced a considerable  
increase in membership by the ordi-  
nary means, and the conferring of  
honorary membership during the past  
vacation, on Mrs. Gertrude B. East-  
man, who is leaving the city; Mrs.  
Anna S. Averill, endeared to the club  
by long and useful work, and Mrs.  
Robert B. Burdette, whom she re-  
ferred to in warm words of appreciation.  
She stated that flowers had been sent  
Mrs. Burdette in the name of the club  
during her recent illness, with wishes  
for her speedy recovery.

Mrs. Tolhurst was followed by Prof.  
Henry Morse Stephens of the State  
University, who defined the objects  
and methods of university extension  
properly so called. "I find," he said,  
"that there is some misunderstanding  
of the term 'university extension' in  
Southern California, owing to past ex-  
periences. Not every man who calls  
his lectures university extension  
courses necessarily belongs to the real  
extension movement. America is suf-  
fering, from the fact that there is no  
way of preventing the use of the name  
by lecturers wholly outside the pur-  
poses of the movement."

"University extension proper, the  
University of California, the univer-  
sity aims to supply a corps of specially  
trained men as lecturers to mature au-  
diences, supplementing those that the  
work the members have done in

the university, and putting mature  
minds of students and readers in pos-  
session of the results of the most re-  
cent investigation in the various lines  
they have pursued and may wish to  
continue; supplying reading lists, etc.  
In addition to the lectures, classes are  
formed, which usually consist of  
younger people, teachers, high school  
students considering the advisability  
of a college course, etc.

President Wheeler has given me en-  
tire charge of the organization of ex-  
tension work for the State, with in-  
structions to engage lecturers and  
form centers of work. In organizing  
the work in Southern California, I wish  
to place Los Angeles at the head of  
my list of centers.

Mrs. Rebecca Spring, the club's old-  
est member, spoke a few words and  
recited a poem, following Prof. Step-  
hens' address. On motion of Mrs. A.  
Stowe, an earlier appropriation of  
\$125 for the children's hospital work in-  
creased to \$250, to endow a

**LITTLE SAVINGS COMPANY.** Apparently no industry in the world which more attention and thought has been given to the saving of money than the little savings banks in this country, says the New York Commercial. And a great deal of this is due to the fact that the saving of a quart of oil in the running of a freight train one mile, while apparently insignificant, amounts to a large sum when applied to the millions of miles run by the railroads each year.

This effort to economize in the maintenance of the rails results in most of the enormous improvements in railroad operation which have made during the last few years.

It appears that during the same year the average operating expenses of a mile was \$1.9723. Suppose the

## PASADENA COMMITTEE

DEFENDS BOULEVARD.

GARVANNA ROUTE IS FOUND TO BE FEASIBLE.

Trade West Week—Woodman Parade and Fire Rockets—Rev. Mr. Dorris Outlined.

PASADENA, Office of the Times, No. 10 South Raymond avenue, Oct. 4.—The committee on the proposed highway between this city and Los Angeles yesterday, in company with the Highway and Park Improvement Association's projected boulevard.

"We found," said Chairman Hertel, "that the proposed route is the most feasible for a bridge. It is the narrowest point in the Arroyo in that neighborhood, and there are no other approaches. But while this is true, and there is no better place for a bridge, we will take into account several other possible routes in our report. We propose to give them all a fair chance. I cannot say that the Madeline Drive route would be the shortest one, though it appears to be about as short as any."

Leaving the carriage to drive around through Garvanza and meet them on the other bank and the committee, the committee footed it across, carefully scanning all the features of the bridge site, and listening to technical explanations by the City Engineer, Mr. W. C. Smith, and the Highway and Park Improvement Association's projected boulevard.

The committee inspected the routes of the proposed electric road through Garvanza and Avenue 66 and then, coming up through South Pasadena and along Orange Grove avenue, and the other proposed routes, taking careful notes on them.

WOODMEN'S TELL RELL.

PASADENA Camp Woodmen of the world had a grand "Tell Rell" last night. A Tell Rell is peculiarly Woodmenesque, but seems to consist of pretty much the ingredients of a parade and general jubilation. It was the first one that Pasadena Camp, now numbering 500 members, has ever enjoyed. At 8 o'clock the members of the lodge assembled at the hall on West Colorado street and marched to a point near Hotel Green where they met four electric cars loaded with members of the four Los Angeles camps—La Brea, Pasadena, San Gabriel and Los Angeles. The visitors joined in the parade, which continued on up to Marquette avenue, with music by the Pasadena Band. Fireworks and other fireworks were turned loose, and the gaiety of the occasion was added by the firing of the cannons. The parade then turned into a program at Woodman Hall. Head Advisor John H. Wiley of Los Angeles, the principal speaker of the evening, gave a program of the order, and C. C. Reynolds of the local lodge gave an interesting talk.

NEW METHODIST PASTOR.

Rev. A. W. Lamport, the recently chosen pastor of the First Methodist Church, is expected to arrive in Pasadena to assume his charge about the third day of the month. He is from Muncie, Ind. Prof. A. A. Bacon has assumed the trusteeship of the church, succeeding Prof. A. B. H. The organist has not yet been chosen. Temporarily, Mrs. Bayard, organist of the Episcopal church, is playing the instrument. The Methodists say they are going to have great things doing the church this winter, with their new pastor and a larger choir. The choir is to be enlarged to about fifty voices, a choir society being formed.

PARADISE BREVIETTES.

The coroner's jury yesterday exonerated the crew of the Santa Fe train that killed Samuel Sanders near Walnut street Thursday. It was shown that the old man was walking on the track when he came along too late for the engineer to stop. The inquest heard testimony from Engineer Weight and Fireman Conington, and from the family of the dead man. The little son of W. W. Moore told about having seen the old man struck by the train. When he was struck there was such a dust that the boy could not see much.

## SAN PEDRO SHIPPING

INJURED BY UNIONS.

VESSELS GOING TO REDONDO TO DISCHARGE CARGOES.

Owing to Difference in Wages They Can Place Lumber on Los Angeles Market Five Cents a Thousand Cheaper by the Charge.

SAN PEDRO, Oct. 4.—Shipping has been exceedingly quiet this week, not more than two or three lumber-laden vessels being in port at any one time. A number are on their way here, but not until the shipping market improves will they be coming to the city. The shipping market is at present in a state of uncertainty, and it is not until the shipping market improves will they be coming to the city.

The night watchman on Orange Grove avenue captured a suspicious-looking character with a big dog, about midnight Thursday. While he was telephoning to the police station to get instructions, the officer lost his main, who came straightaway downtown and held up. Then two policemen went to the place where the watchman found the dog, and there were explanations.

At South Pasadena last night citizens formally adopted resolutions recommending that the City Council vote bonds for improvements, such as parks, etc. President Lockwood of the trustees presided. The A. W. Beery place on Center street has been offered to the city for \$17,500 for a city park, and it was the sense of the meeting that this offer should be accepted. The Council will investigate.

Mrs. Emily Grant, who has been in the R. H. Finney house on South Marquette avenue and will convert it into a family hotel, has been in the city.

L. H. Miller has rented his handsome home at No. 140 South Euclid avenue for a party.

A. B. McKelvey, the jeweler, will visit his father, who is now 95 years of age.

## HERCULEAN TASK

TO END HIS LIFE.

GREATEST PAINS TAKEN BY THE AVALON SELF-SLAYER.

Climbed Upon Wharf and Over High Gate and Lifted Heavy Freight Truck Pencil to His Legs Before Leaping.

AVALON, Oct. 3.—The desperateness of George Seeliger's determination to commit suicide is only appreciated when the obstacles he overcame are known. The only means of access to the wharf, which is securely locked at night, was by the use of a pickaxe, which he used to break through the door. He then climbed upon the wharf and over the high gate, and lifted a heavy freight truck pencil to his legs before leaping.

Not only give a man a feeling of independence but in the business world courtesies are accorded him which, though should they be undeserved are nevertheless well meant, for the world gauges a man by the clothes he wears, and to a sensitive nature criticism is especially cutting. Wear the robes of well made, smart appearing suits and yet feels that he cannot afford the exclusive prices tailors charge. Wear the robes of well made, smart appearing suits and yet feels that he cannot afford the exclusive prices tailors charge. It is necessary to patronize a tailor, for the lines of clothing are our armor. We are not alone in this. Every man who is well dressed is equally good fabrics as those made to measure and costing from one-third to one-fourth more.
